"I have a 1988 100 HP Mercury outboard. I have taken it out 6 times this year and I have had no issues. It fired up great and ran great the whole time. Last time I took it out it ran great all day until I went to bring it back into the dock and as I brought it back into neutral the engine stalled out. After that I could not get it to fire back up unless I put the throttle most of the way forward.
