History. Formed through the merger of three engineering consultancies, Africon, Connell Wagner and Ninham Shand, Aurecon has over 7500 staff members. The company operates in 28 countries across Africa, Asia-Pacific and the Middle East.

Aurecon - Wikipedia

The Civil Designer Advantage Civil Designer is the only truly integrated civil infrastructure design suite. It is preferred and by thousands of engineers because it provides significant benefits: Design and analyse earthworks, urban roads and highways, surface drainage, wastewater and pressurized potable water models in one application.

Civil Designer - Infrastructure Design software

Systems engineering is an interdisciplinary field of engineering and engineering management that focuses on how to design and manage complex systems over their life cycles.At its core, systems engineering utilizes systems thinking principles to organize this body of knowledge. The individual outcome of such efforts, an engineered system, can be defined as a combination of components that work ...
