I think one-author paper has not any superiority than multi-author one! This kind of separation or

classification has not rational background because maybe you find so strong multi-author article ...

What do you think about single author paper?

Luminiferous aether or ether ("luminiferous", meaning "light-bearing"), was the postulated medium for the propagation of light. It was invoked to explain the ability of the apparently wave-based light to propagate through empty space, something that waves should not be able to do. The assumption of a spatial plenum of luminiferous aether, rather than a spatial vacuum, provided the theoretical ...

The world runs on power. Power engineering technologists are in charge of operating and maintaining the complex systems used to operate industrial boilers, pumps, air conditioning and refrigeration systems. Demand for skilled power engineers is growing, opening the door to good jobs in the oil patch, mining, manufacturing, power generation utilities and more.
