In many ways, the most surprising thing about Yasha Levine's powerful reporting on US government funding of Tor at Pando Daily has been the response to it. From the trolling attacks and ad hominem insults by apparently respectable, senior digital privacy activists and journalists, to repeated, climate-denialist-style "I'm rubber you're glue"-type (or, as I like to call them, "You ...

The trolley problem is a specific ethical thought experiment among several that highlights the difference between deontological and consequentialist ethical systems. The central question that these dilemmas bring to light is on whether or not it is right to actively inhibit the utility of an individual if doing so produces a greater utility for other individuals.
